Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant initiated an interview on the merits after the Final office action. Applicant inquired about the Advisory action mailed [7/24/07] in response to the amendment after Final. The examiner indicated that the proposed amendment was considered, but since the changes to Claim 1 were so extensive in scope, the examiner was not able to treat the limitations on the merits since the added recitations raised new issues that effectively changed the scope of the claims. Accordingly, the amendment was not entered due to the scope of the amendments presented at this stage of the prosecution. Applicant may file an RCE or pursue other options.
